45 (TRUMP MAIN) We want to see America great again. America doesn't win anymore and we don't compete globally because our leaders are incompetent. We are negotiating disastrous trade deals that let other countries take our manufacturing and our jobs. We don't have borders anymore and illegal immigrants take our jobs and bring drugs and crime. Our healthcare is too expensive and our military has been gutted. Our elected leaders owe the billionaires and they do their bidding. We need smart leaders who will take care of our people first. I will redo our trade deals and bring back our jobs. I will build a wall to keep immigrants out and make Mexico pay for it. And when these corporations move to another country to avoid taxes, they will pay. America needs leaders who will make

46 (TRUMP CONTRAST) Making America great again begins with rebuilding our military so we can destroy ISIS (EYE-sis). Hillary Clinton says police violence terrorizes our communities and is just as important as the threat we face from ISIS(EYE-sis). No wonder she and Barack Obama called ISIS (EYE-sis) the J.V. team before they took over half of Iraq and Syria. They created ISIS(EYE-sis). And now she wants to be the President to face down our toughest opponents. Is she tough enough to face down Putin and defeat ISIS (Eye-sis). 48 (CLINTON CONTRAST) The next president will make decisions that affect the lives of everyone in this country. Our Commander in Chief has to be able to defend our country, not embarrass it. When we have a candidate call for rounding up 12 million immigrants, banning all Muslims, and embracing torture, that doesn't make him strong, it makes him wrong. And we need to find common ground to solve our problems, not divide this country between us and them. ....	32	20	10	33	3	2	<b>52</b>	<b>62</b>	<b>43</b>

49 (SPLIT D)(CLINTON LEVEL FIELD) We need a country that works for the middle class, not one governed by trickle-down economics. Jobs don't pay enough to live on and families and small businesses are struggling while CEOs and billionaires use their lobbyists to make government work for them, not you. So, we should bar secret corporate campaign contributions and empower small donors. And make sure taxpayers get their money's worth by rooting out waste and special interest tax breaks. Then we can level the playing field for the middle class. Protect Social Security against cuts in benefits. Ensure any trade deal creates American jobs. Make college affordable, cut student debt, and improve education quality at all levels. Help working families with child care, paid sick days and equal pay for women. And make the wealthiest pay their fair share in taxes so we can invest in

50 (SPLIT C) (CLINTON LADDERS) Too many barriers hold back our families, our economy, and our country. Instead of building walls, we need to break down barriers and build ladders of opportunity so every American can live up to his or her potential. Creating good-paying jobs and raising incomes is the defining challenge of our time. We need to invest in our workers, give the middle class a raise, invest in manufacturing and infrastructure, small businesses and clean energy. We need to ensure every child gets the education they deserve and help relieve the burden of student debt. We need to finally guarantee equal pay for equal work. And we need to defend workers' rights, women's right and civil rights, so everyone can share in the promise of America. Because America prospers when we all prosper.....
