Corporations need to make a greater contribution to our country. The tax code rewards corporations for outsourcing jobs, and sending their profits overseas, instead of investing here in the United States, and we need to empower companies willing to take the high road. So we are going to crack down on the worst corporate abuses, close loopholes, and place an exit tax on corporations who try to outsource jobs or avoid their fair share of taxes.	33	21	5	4	3	10	25	54	8	45
