*We need tougher controls at the borders and penalties on employers who hire illegal immigrants, bar illegal immigrants from getting most government benefits, and expel convicted criminals, but we should allow the law-abiding and tax-paying immigrants to remain and get on a long path to citizenship.*

OR

*We need to get control of the border, require illegal immigrants to leave and re-enter the country legally, stop illegal immigrants from getting government benefits, and send illegal immigrants who are convicted criminals back to their home country.*
