Mitt Romney said, "There are 47 percent who are with Obama, dependent upon government and believe that they are victims entitled to health care, food, and housing. My job is not to worry about those people."	39	41	37
Most of the 47 percent are the children of the working poor, the elderly on Social Security, veterans, and people who are unemployed and struggling to get back to work.	32	36	30
Romney's tax plans would raise taxes on low-income Americans and the working poor by 1400 dollars, pushing the families of 2 million children back into poverty.	28	31	26
Mitt Romney seems ready to change and really cut things like Medicare, that those 47 percent depend on.	25	30	22
The problem is not working people paying too few taxes but that big banks get bailed out, wealthy and special interests use loopholes and get breaks to avoid taxes.	25	29	23

After I read this statement, please tell me whether this statement would make you much more likely to vote for Barack Obama, somewhat more likely, a little more likely, no more likely, or less likely to vote for Barack Obama.

(CLINTON/STIGLITZ) When I look at our great challenges, I say, we're all in this together. But the Republicans say, you are your own. Well that's given us a country of just rich and poor and the well-connected using their power to get more tax cuts and breaks. Well, we need to make our country work for the middle class again. Clean up lobbyists and big money. Let's keep taxes low for the middle class and small businesses and use the budget to help the middle class by seriously investing in education, rebuilding America, and making sure Medicare is there.

	Total	RAE	Non RAE
Fewer Americans are working today than when Obama took office and take home pay has gone down. Obama's policies have hindered small businesses and made it harder for companies to hire again.	34	31	36
Under Barack Obama, our economy has lost 582,000 manufacturing jobs because Obama has not stood up to China and for Americans workers who lose out to China's unfair trade practices.	29	31	28
The fact is, Barack Obama does not understand business. He has never run a business and does not understand what it takes to create jobs or confidence in the market to make our economy work.	29	23	34
President Obama took the work requirement out of welfare. Obama wants to convert the safety net into a system that traps able-bodied people into lives of dependency.	28	32	24
Obama's policies are making it harder on women. The poverty rate for women is the highest in 17 years. More than 5 and a half million women can't find work.	18	21	17

We need a plan to create 12 million new jobs. Let's take advantage of our oil, coal and gas reserves to become energy independent.
